Last Friday a specialist music teacher called Gisela came to our school to help us rehearse for the Music Count Us In performance. She did fun activities with all of the classes in the school. The activities were really involving and helped us learn our song for the coming performance on Thursday the 1st of November 2012.

The first thing we did with Gisela was to listen to our song ‘Different People (stand together)’. When we were able to do the song, Gisela gave everyone a coloured scarf. The scarves were sparkly so they had a great affect when she showed us our dance.

Gisela also taught us cup percussion to accompany the song. We got in a circle and used a great rhythm to pass all the cups continuously around the circle.

By Madison Hockley and Emily Jones
As part of our Society and Environment lessons we have been pretending to visit the Seven Wonders of the Natural World. We could go with a partner or we could go by ourselves. Mrs. Roberts chose the places for us to go to.

The Seven Wonders of the Natural World are: Mt Everest, The Grand Canyon, the Great Barrier Reef, the Northern Lights, Rio de Janeiro Harbour, Victoria Falls and Paricutin volcano.

We needed to find a flight, hotel and things to do at the place we went to. We also needed to get food. We only had a price limit of $3,000 per person but if we needed more money we could get up to $5,000.

We put our presentation on a big piece of coloured card. We had a time limit to finish it so we needed to work fast and be focused. We had to present it to the class and Mrs. Roberts graded us with an A, B or C. (Written by Phoebe Cain and Emily Jones)
Reminder:

Teddy Bear's Picnic

The Student leaders invite all students to attend a picnic up at the top block next Thursday 1st November (next Thursday week 4) at Lunchtime.

Please bring:
- your favourite Teddy/Stuffed toy
- a picnic lunch
- a picnic rug

Better Buddies Program
